

The background of the entire image is a dense, overlapping field of 3D-rendered numbers (0-9) in various shades of blue and white. The numbers are of different sizes and are oriented in various directions, creating a sense of depth and movement. A dark blue rectangular box is positioned on the right side of the image, containing the title and author information.

List Making and Sorting App

By Brandon Roberts

Obstacles I faced along the way

- ◆ First coming up with an idea that wasn't too large for the amount of time we had to do it.
- ◆ Planning my idea when I just wanted to jump in and code.
- ◆ Creating and doing tests as it is something I need to get better with
- ◆ Finding gems that suited my app

Improvements and Future Development

- ◆ Further planning and testing would have helped quite a bit but it is something I need to get better with.
- ◆ Polishing the overall look of the app.
- ◆ There are a few ideas I wanted to add after I was done but I felt I didn't have time.

Any questions?

Thank you for listening!
